

Module 8 Study Questions

[Re-submit Assignment](#)

Due No Due Date **Points** 0 **Submitting** a file upload

Complete this brief, ungraded assignment and save it in a .txt format. Save the file like so: **[your name], X436.2, Module 8 Study**. Then, submit upload your .txt document by clicking submit on the right hand side of your screen.

1. Is it still possible to connect to a Web site without using the **URL** class? If so, which classes would you use instead?
2. Why is there a **File** class but no **Directory** class? (Trick question.) Can you think of a better design?
3. When is it appropriate to use **InputStream**-based classes instead of **Reader** classes?
